# Alpa

**A form inspired by the majestic mountain range – Alpa reception desk is catching everyone’s eyes.**

Being simultaneously classical and luxurious, it gains guests’ attention and makes for an atmosphere of comfort and trust. High gloss front and timeless colours delight with their severity, which is additionally emphasized by an illuminated metal kick plate. A glass

reception is conjoining aesthetics with functionality. A modular construction allows creating various straight and corner sets. By employing a low module segment with an overhang top, the reception can ease communication with disabled customers. Thanks to these features Alpa is fulfilling requirements of different types of spaces: from small receptions to vast lobbies.

# Linea

**Minimalism supported by a flash of glass – Linea reception desk proves that less means more.**

A simple shape is ornamented by the aluminium finishes whereas the backlight of the lower part emphasizes the glass front. Linea has a modern character, but its universal design makes the reception an interesting accent even in more classic interiors. Thanks to the modular construction, it is easy to create a customized

straight or corner layout depending on the space and needs. The low module, designed mainly for disabled customers, works particularly well in the places where the contact with the client tends to be long. Moreover, the extended worktop is increasing functionality. On the other hand, the high module allows working in a standing position. A spacious louver closet or small lockers on the worktop can help to organize the documents.

# Ovo

**Small, but providing maximum practicality – Ovo reception desk is optimally combining features of a customer service stand and an individual workstation.**

The oval top is at the same time fulfilling a role of a worktop and a lower element of the reception what

makes for a multifunctional desk that meets the needs of disabled customers. The higher part allows working in a standing position, simultaneously hiding the computer station and the document shelf. Ovo is a space-saving solution that will fit perfectly for beauty studios, hair salons and many other interiors.

# Tera

**Classic and timeless – Tera reception desk meets the expectations of those who favour simplicity and universal forms.**

The combination of glossy HPL elements, with white or wood-like melamine plate that breaks the conservative patterns, is subtly indicating elegance

and prestige. Modular desk provides possibilities of creating various layouts: from small to complex workstations depending on the needs. By employing the low module with overhang worktop, the desk eases the communication with disabled customers. Tera is a perfect fit for a reception of law firms or hotel lobbies where it delicately highlights the high quality of service.
